SUMMARY

I am a highly motivated 3D artist with hands-on experience across the full asset pipeline, including modeling, sculpting, UV mapping, texturing, lighting, and animation. I specialize in creating expressive characters and creatures for a variety of media. Proficient in Blender, Substance Painter, Photoshop, Unreal Engine 5, and Unity, I am passionate about crafting visuals that engage and resonate with audiences—whether for mobile games or immersive 3D experiences.

EXPERIENCE

- 07/2025 - Present

US

3D Artist - AI Trainer

Invisible Technologies

A company providing technology solutions incorporating AI and automation

- Creating diverse, high-quality 3D models to train and enhance AI visual understanding
 - Annotating, refining, and preparing 3D assets for machine learning pipelines
 - Ensuring consistency, accuracy, and optimization of assets across varied styles
 - Collaborating with technical teams to guide AI behavior and improve creative results
 - Supporting AI development in domains such as simulation, virtual environments, and object recognition
- 03/2025 - 04/2025

Uttarakhand, India

3D Artist

Monal Digital

A digital studio specializing in 3D asset creation

- Responsible for creating assets that match the requested style with textures
 - Texturing and maintaining the environment, including lighting and animation readiness according to senior instructions
 - Creating assets and unwrapping UVs, along with vertex painting, while maintaining quality and edge flow
 - Utilized experience in both hard surface and organic modeling techniques
 - Creating both high poly and low poly assets
 - Software used: Blender, Adobe Substance Painter, Photoshop, Gimp, Unreal Engine 5

EDUCATION

- 01/2021 - Present

Bachelor of Technology (B.Tech.)

CSMSS Chh. Shahu College of Engineering

SKILLS

3D Modeling	Hard Surface	Organic	Texturing & UV Mapping	Sculpting (Characters & Props)		
Rigging & Skinning	Lighting & Rendering		Hard Surface	Game Asset Optimization	Low-poly	PBR Workflow
Animation	Environment & Level Design	Sculpting (Characters & Props)
