

Arthur Whish

07859915431 | arthurwhish@gmail.com | Alton, Hampshire

Summary

I am an energetic, hardworking, and aspiring vfx/ artist. I am self taught, and have been primarily practicing in the software blender for 5 years - specialising in motion graphics and immersive environments. Currently seeking opportunities in creative fields. My portfolio can be viewed through google slides here: <https://docs.google.com/presentation/d/1dINZ58cbcEbl-qIN9IJqp0ZZ2sgBACWuDggNZCh8Mlo/edit?usp=sharing>

Skills

Blender 3D, Rhino 3D, Programming, LIDAR Scanning, Photogrammetry, Computer Literacy, Communication Skills, Time Management

Awards

Sensitively articulating constructive criticism

Fostering positive company morale

RRAW Workshop 2024 | Winchester, Hampshire

Student Intern | 08/2024 - 09/2024

RRAW held a selective workshop studying the English Heritage site Wolvesey Castle, in which each of us were tasked with digitally reconstructing a chosen individual section of the site. My specific responsibilities included:

Coordinating site surveyal with colleagues.

Photographing and creating observational sketches of the ruins.

Using Leica 3D scanners to map castle ruins.

3D scan registration (Aligning disconnected 3D point clouds) using the Register 360 software.

3D modelling castle features using professional-grade architectural software Rhino.
