ABOUT ME

- Versatile 3D artist with 4 years of extensive commercial and personal experience in bringing immersive 3D visuals ideas and projects to life by applying my skills in 3D modeling, surface texturing, UV unwrapping, 3D scene rendering and compositing
- Delivering high-fidelity 3D environmental and prop assets for game engines following the full production pipeline
- Soft skills that make project cooperation and production effectiveness at premium levels: team collaboration, attention to detail and optimization, problem-solving and rapidly adapting to new workflows
- Interested in high-impact, high-fidelity projects where I can showcase my 3D graphics problem-solving skills, as well as expand my working knowledge by adopting new techniques
