Note: I mention below only the most relevant projects of my career as a 3D animator.

Last Employer: Stiller Studios (Stockholm, Sweden). July 2025 - October 2025. Project: Redmask, Handbook for Superheroes (feature film).

Film and Television:

Stiller Studios (Stockholm, Sweden), July 2025 – October 2025. Project: "Redmask. Handbook for Superheroes" (feature film). I was responsible for assembling the scenes in Maya to prepare them for animation as well as retargeting and cleaning up mocap. I was also responsible for integrating the animation clips in the Unreal Engine sequencer.

Universal Production Partners (Prague, Czech Republic), April 2016 – June 2016. Projects: 'Terminator: Dark Fate' and 'Jungle Cruise' (feature films). I was responsible for animating creatures and objects.

PFX (Prague, Czech Republic), 2016-2019. Projects: 'Muppet Babies', 'Little Luke and Lucy', 'Ziggy and the Zoo Tram', 'Booba' (episodic television shows) and 'Marnie's World' (feature film). I was responsible for the animation of characters, cameras and props.

Digital Domain, Audiomotion (Leavesden, UK), June 2016 – August 2016. Project: 'Ready Player One' (feature film). I worked as a previsualization animator and my tasks included assembling shots in Motion Builder and cleaning up the mocap data.

Studio Kredenc (Prague, Czech Republic), 2015. Project: 'The Great Adventures of Rosa and Dara' (pilot episode). I was responsible for the animation of characters and props in Houdini.

Alkay Studio (Prague, Czech Republic) January 2012 – November 2012 and April 2014 – June 2014. Projects: 'The Lucky Four' and 'The Socks Eaters' (feature films). I was responsible for the animation of characters and creatures in Maya.

Pinka Studio (Annecy, France), January 2007- May 2011. Projects: 'La Terre Vue d'Alban', 'Elasto et Culbuto' and 'Garage Club' (episodic television shows). I was responsible for the animation of characters, creatures and props in Softimage XSI.

Videogame Studios:

I have also been involved in the video game industry.

Pieces Interactive (Skövde, Sweden). Game: 'Alone in the Dark' (April 2021- May 2024).

Keen Software House (Prague, Czech Republic). Game: 'Space Engineers' (October 2019 – February 2020).

Warhorse Studio (Prague, Czech Republic). Game: 'Kingdom Come: Deliverance' (January 2014 - March 2014).
