

Cameron Guy

2D Character Animator (TV & Film)

London, UK | caminatemate@gmail.com | +44 7827276055 | [Showreel](#)

2D character animator and rigger specialising in performance-driven animation for TV and film. Strong experience in Toon Boom Harmony, including advanced rigging (master controller setup) and character animation within production pipelines. Additional experience in background design, scene setup and character design. Confident maintaining consistency and responding efficiently to director feedback within schedule-driven environments.

Core Animation Skills

- 2D character animation
- Advanced Rigging (Master controller, node systems)
- Toon Boom Harmony (Rigged and Frame by frame)
- Scene setup and File organisation
- Working to Director and Supervisor feedback
- Production pipeline collaboration

Software

- Toon Boom Harmony
- Adobe Creative Suite
- Autodesk Maya
- TV Paint
- Blender

Experience

Animator/Co-director – Cityledge - Daddydelphia

- Co-directed, storyboarded and animated a 30-minute original TV pilot within a two-person production team
- Designed and rigged 20+ characters in Toon Boom Harmony, including master controller setups
- Delivered performance driven character animation with a focus on acting, timing and clarity
- Maintained on-model consistency across characters, backgrounds and props throughout production
- Implemented revisions and retakes in response to creative direction through to final delivery

2D Animator - Untitled Joe Wilkinson project

- Animated character-led sequences in Toon Boom Harmony, translating comic strips into expressive, performance-driven animation
- Focused on timing, posing and comedic acting to support narrative
- Responded efficiently to feedback and implemented revisions within tight production timelines

2D Animator — EA / Maverick Media (FIFA 23 Campaign)

- Produced frame-by-frame character animation and effects within a structured production schedule.
- Collaborated with creative and production teams to refine performance and polish final shots.
- Implemented feedback and retakes to meet delivery deadlines.

2021 – Present - Senior 2D Animator/Motion Designer (Freelance & Contract)

- High-volume animation production for digital projects with a fast turnaround. Creating daily 5-10 short animations for social media.
- Collaborated with creative leads to translate concepts into high quality animation.
- Maintained pipeline workflow, scene setup and file organisation for efficient production across concurrent projects.
