3D artist and motion designer dedicated to bringing concepts to life through animation, VFX, and compositing. I've worked with top brands like Nike, Warner Bros, and Sony Pictures, and collaborated with agencies such as Publicis, Squint Opera and RWS Global. I focus on a process-driven approach and value clear communication with clients to achieve the best creative results together.

WORK EXPERIENCE

3D ARTIST - CG GENERALIST - MOTION DESIGNER

Freelancer (Various Clients) - January 2016 - Present

Creating 3D motion graphics for advertising and gaming campaigns, boosting brand visibility through visual storytelling. From product visualisation to animated explainers, I help produce content for various sectors and collaborate with Brands and Studios to design motion graphics that adhered to brand guidelines and incorporated feedback throughout the process.

3D GENERALIST

Blippar - September 2020 - August 2024

Modeled, textured, lit, and animated 3D assets in Blender and Cinema 4D for AR/MR applications and games, ensuring optimal performance on mobile platforms. Collaborated seamlessly with developers to implement real-time assets through WebGL, Unreal Engine and Unity.

MOTION DESIGNER

Eye-D Creative - November 2017 - December 2018

Produced 2D and 3D animations and VFX for video game trailers and film ads. Collaborated with creative directors to develop story arcs and infographics that simplify game features for a broad audience.

CREATIVE DESIGNER

Bridge Training and Events - September 2016 - September 2017

I developed event materials and animated video modules for training programs, ensuring brand consistency across all assets while completing projects on time and within budget.

STRENGTHS

Creative Problem Solving

Effective in producing visually compelling designs.

Versatile Animation Skills

Adaptable to various animation styles and techniques.

Technical Proficiency

In-depth understanding of industry-standard tools and practices.

Excellent Team Player

Collaborates well with multidisciplinary teams.

LANGUAGES

Portuguese - Native

English - Fluent

THINGS I ENJOY

Music, Video-games, Coffee, Cookies (together they are awesome), Movies, Anime and Collectibles

INTERESTED IN

New and Emerging Technologies, Virtual Reality and Game Development.

EDUCATION

MOTION DESIGN

Escape Studios (London Campus) - August 2017

GRAPHIC DESIGN AND COMMUNICATION

Institute of the Arts and Image - September 2010

3D MODELING & VIDEO EDITING

Institute of the Arts and Image - September 2010
