EDUCATION AND PROJECTS

2022 - 2025

University of East London | London, Docklands

Bachelor of Arts: 3D Games Art – 2:1 Degree

Dissertation on “How gaming is an effective educational tool”

Key Projects:

Demon's Conclude (Turn-Based Action RPG) – Environment lead / Tile Map Artist / Prop Artist

- Designed and optimised props and environment assets for performance inside unity engine
- Built modular tile maps as well as objects for efficient level design

Keytar Hero (Rhythmic Beat'em up, cel-shaded graphics) – Environment Art Lead / Weaponry Lead

- Developed weaponry assets and integrated cel-shaded graphics into Unity.
- Led environment art, partly developed the background and textured majority of the game's environment and weapons.

Turntable Project – Medieval Fantasy Weapons

- Created three hard-surface props inspired from the likes of MMORPGs fantasy games such as World of Warcraft in a combined 360° turntable

Environment Creation – Linear Fighting Game Stage

- Produced a full stage environment inspired from Chinatown, with attention to gameplay space and technical constraints.

West Herts College | Watford, Hempstead

Higher Education of Arts: Digital Gaming - Merit, Merit, Merit (2020 – 2022)
