INTRODUCTION:

I am a 3D Generalist with over six-years of hands-on experience across the full 3D pipeline, with specialisations in modelling and texturing. I thrive in environments that are fast-paced, collaborative and provide opportunities for creative problem solving. I am always driven to take on challenging projects that push my skills as well as contribute meaningfully to the success of a team. I am currently seeking opportunities whether full-time or freelance that offer an opportunity for growth and the chance to create high-quality, visually compelling work.

EMPLOYMENT HISTORY:**Posh Gecko - 3D Motion Designer****August 2021 - Present**

- Created videos for a wide range of companies and purposes, such as teasers & explainers. The majority of which I was the sole artist of, taking a clients brief all the way from story-boarding to final delivery.
