Objective

Motivated and creative MA Animation student at MMU with diverse experience in graphic design, animation, teaching, and freelance work. Looking for part-time opportunities to leverage my skills in design, communication, and teamwork while gaining more experience across different fields.

Education**MA in Animation**

Manchester Metropolitan University (MMU) – Manchester, UK

25-09-2024 – Present

Relevant Experience**Graphic Design Intern**

Juiy – Online Electric Vehicle Platform

December 2021 – March 2022

- Designed icons, banners, and graphics for Juiy's social media platforms and marketing campaigns.
- Collaborated with programmers to integrate design elements into the website and app interfaces.
- Assisted in managing and growing the brand's social media presence through creative visuals.
- Developed a strong understanding of digital marketing and user-centric design.

Art Teacher (Summer Camp)

Salar Jung Museum – Hyderabad, India

June 2022, June 2023

- Led children's art activities, including drawing, clay pottery, crafting, and origami.
- Managed group activities and ensured a positive and engaging learning environment.

Freelance Artist & Animator

[Freelance Company/Platform] – Remote

2018- Present

- Created storyboards, animations, and other digital designs for clients.

- Delivered high-quality projects on time, demonstrating adaptability and attention to detail.

Internship as Unreal Engine Artist & 3D Designer

People Tech Groups – Hyderabad, India

September 2021 - August 2023

- Worked on 3D modeling, design, and interactive environments using Unreal Engine.

Internship as Video Editor

Michael N Monteiro Studios – Hyderabad, India

April 2023 - June 2023

- Edited video content for a variety of clients, enhancing technical editing skills.

Storyboard Artist (Harikatha)

People Media Factory – Hyderabad, India

November 2023- January 2024

- Created detailed storyboards for an upcoming series, collaborating with production teams.
