WORK EXPERIENCE

CG / VFX ARTIST – HAPPY FINISH

London - July 2024 - October 2025

- Delivered real-time and offline CG assets for high-end commercial VFX projects, working within tight production schedules (M&S Campaign)
- Optimised environment assets for real-time rendering, reducing polycount by ~30–40% while preserving visual fidelity
- Supported lighting and look development tasks, ensuring consistency across shots and sequences
- Collaborated closely with CG, compositing and production teams to deliver shots on time

CG ARTIST – FREEFOLK

London - July 2023 - September 2023

- Contributed to film and episodic VFX productions, supporting asset creation and environment builds (Anansi Boys)
- Assisted in scene assembly, lighting setup, and shot preparation using Maya and Nuke

3D VISUALISER - SQUARED ARCHITECTS

London - June 2023 - August 2023

- Worked closely with architectural and design team to visualize spaces in a housing project.

FREELANCE / PERSONAL DEVELOPMENT – CG & REAL-TIME

London - July 2023 - September 2023 - Present

- Focused on Unreal Engine 5 and Houdini workflows for real-time environments and virtual production
- Developed personal environment projects exploring procedural city generation and real-time lighting

STUDIO ASSISTANT - ESCAPE STUDIOS

London - March 2023 - April 2023

- Supported the tutors by assisting students with their projects done in Maya and Substance Painter
-

SOFTWARE & SKILLS

- Autodesk Maya (environment, lighting, lookdev)
 - Unreal Engine 5 (real-time environments, lighting, level assembly)
 - Nuke (utility & comp)
 - USD workflows (basic understanding & implementation)
 - Houdini (procedural environment tools, optimization)
 - Substance Painter & Designer (decals, tileable textures)
 - Photogrammetry & texture scanning
 - Adobe Suite
-

EDUCATION

BA (HONS) - THE ART OF VISUAL EFFECTS

Escape Studios - Sep 2020-Jun 2023

First-Class Honours

AWARDS

- [Awards for "iCare" \(2023\)](#)
