- Teeside Master's portfolio (2023) – [Click here to view](#)

Skills

- 3D animation
- Motion capture retargeting
- Fabric simulation
- Visual effects
- Project management
- Asset management
- Creative thinking
- Active listening
- Computer literacy
- Creative vision
- Advanced 3D modelling
- Visual communication
- Time efficiency

Summary

Passionate and driven animator with a proven track record of delivering high-quality, story-driven work under pressure. My portfolio demonstrates clear growth in technical ability and creative storytelling, showcasing how quickly I adapt and raise my standards. At 32AD Animation Studios, I played a key role in producing captivating animations, collaborating across teams to achieve outstanding results. A fast learner who thrives alongside talented peers, I bring energy, creativity, and resilience to every project — making me a strong asset to any animation team. *I see every project as an opportunity to push creativity further and bring stories to life in the most compelling way possible.*

Experience

Freelance 3D Animator

Dehmha Groups Ltd | Middlesbrough, North Yorkshire | April 2025 - August 2025

- Effectively managed technical issues in 3D graphics including rendering, performance, streaming and memory management for optimal results.
- Implemented a fabric simulation integrated with character animations.
- Adapted quickly to changes in project scope or direction, demonstrating flexibility and problem-solving skills under pressure.
- Managed the archiving of animation assets, ensuring organized and accessible resources for future projects.
- Maintained character art and animation production workflows, and technical art pipelines to ensure results.
- Managed deadlines to deliver finalized functional and aesthetic materials on time.
- Established consistent visual direction for designs and multimedia projects.

Education

Advanced Animation

Academy

London, ENG

Animation

2025

- Trained in human movement, weight, and performance to create realistic, dynamic character animations using industry-standard practices.

Teesside University

Middlesbrough

Master of Arts: Animation

09/2023

- Gained expertise in 3D animation, storytelling, and body mechanics, producing a professional portfolio using industry-standard tools and workflows.

Socials

- Customised shaders and materials to achieve photo-realistic effects in architectural renderings, surpassing client expectations.
- Coordinated with audio designers to synchronize sound effects with animations, enhancing the overall impact of projects.

ANIMATOR

TEESAS EDUCATION APP | April 2022 - June 2022

- Whilst assisting in the development of Teesas Education App, I played a critical role by leading the effort to ensure high-quality animations and spearheaded the retargeting of motion capture data to our rigs.
- Collaborated with the director and artists to find the best manner to present ads for a certain product.
- Retargeted motion capture data to custom rigs.
- Imported animation into green screen on adobe premiere pro and applied visual effects to the animations.

ANIMATOR

32AD ANIMATION STUDIO | July 2018 - July 2020

- At 32ad Animation studio I was an integral part of the animation team where I ensured a consistent quality of animation was attained whilst working in a fast-paced high-pressure environment. I accomplished this by ensuring a smooth animation pipeline by reviewing the character designs and models for topology inaccuracies in addition to crafting compelling animation.
- Collaborated with other storyboard and audio artists to stage the scene in preparation for character movements.
- Followed and contributed the development of animation pipelines and processes.
- Worked with Maya Software to key-frame characters created by the visual development and Technical artist.
