

JOHN ANTHONY BELL

3D Animation Generalist

Contact: johnb31313@gmail.com // 07783007312

Showreel: https://www.youtube.com/watch?v=dVLR_hD4Gzw

I am a hardworking and passionate 3D artist. My work is usually focused on stylized 3D cartoons aimed at a younger audience. The goal of my work is to create high quality films that my younger self would love whilst challenging and bettering myself on each and every project.

Experience

Freelance artist – 2020 - Present

I have created commissioned artwork over the years - mainly Twitch emoticons.

Volunteer Tournament Organiser – 2023 - Present

For the past two years I have been part of the esports gaming community and have assisted with organising tournaments across Leicester, Nottingham and online. This includes setting up venues, reporting scores, communicating with the players and other organisers, sorting any issues and clearing away any equipment used.

Skills

- **Strong animation fundamentals and knowledge of character acting.**
- **Confident in both Maya and Blender.**
- **Knowledge and experience working with Adobe Creative Suite.**
- **Knowledge and experience working with ZBrush.**
- **Ability to work in all aspects of 3D animation production pipeline – Modelling, Retopology, Rigging, Weight painting, Animation, Rendering, etc.**
- **Avid and fast learner.**

PROJECTS

“Caldron Conundrum” Directing, Character Design, 3D Modeling, 3D Animator, Editor
1-minute 3D animated short for 2nd year final project.

“BROGRAMMED” Directing, Voice acting, 3D modeling, 3D Animation, Editing
1-minute 2D/3D animated short for a 24-hour animation challenge made with a group of 4 other school peers. Voice acted as the main character, Modeled backgrounds, Animated 3D characters and Composited entire short film.

“Shapes Project: Operation Break-in” Directing, Character Design, 3D modeling, 3D Animation, Editing
5-minute 3D animated short with stepped, stylized animation and cel-shading for 3rd year final project. It has been selected for screening at multiple film and animation festivals worldwide.

“Multiple Animator My Little Pony Project” 3D modeling, 3D Animator, Editor
Collaborated with multiple animators to recreate an episode of My Little Pony. Each animator was given a scene 5-15 seconds long, which they used as inspiration to recreate it in their own style, making sure to keep context of the scene given and having it flow naturally from the scene before and the scene after.
