About me

I embrace all technology including arts and crafts to get the job done. I am extremely friendly and have over 20 years of broadcast VFX experience working on story boards, film shoots, stop motion, 3D printing, animation, motion design, tracking, image manipulation, AI utilisation and more.

Experience

ITV (Oct 2016 - Dec 2025)

Working as a Senior Motion designer for ITV Daytime, I got the opportunity to work on a wide variety of projects covering the 4 morning programmes; Good Morning Britain, This Morning, Lorraine and Loose Women. This role has expanded my skillset by having to produce high quality error free graphics quickly in a high pressure live environment.

Viasat / MTG (Jan 2007- Dec 2015)

I held a creative position in MTG (formerly VIASAT) which involved branding and rebranding channels, motion graphics, tracking, art direction, animation, storyboarding, post production, project management, pitching ideas, idea development, campaign work, Adshel posters, set design, and concept and development including 3D printing. I have often been project leader and am comfortable with every stage of the design process from initial storyboards right the way through to final

Parallel film and TV (Aug 2006 - Dec 2006)

Worked on animating credits and motion graphics for various television title sequences for Parallel Film and Television, Created the titles for Stephen Fry's "Kingdom"

Freelance Animation (Aug 2005 - 2006)

Tasked with producing viral animation briefs, production consisted of storyboards, visuals and audio material both in 2D and 3D. Mainly using 3D Studio Max and After Effects for the visuals. I also directed and produced music videos and managed with large numbers of extras and additional staff.

Awards / Achievements

2 Gold 2 Silver and 2 Bronze Promax awards.

Project managed and 3D printed an entire stopmotion animation project.

Music video published on Creative Review Magazine (Dead Stranger)

MTV/One World AIDS day video/animation competition second place winner with 'Play- Safely.'

Music videos and viral animation aired at the ICA.

Key Skills

I have extensive experience of using both Windows and OSX platforms.

Design applications:

Adobe After Effects
Adobe Photoshop
Adobe Illustrator
Adobe Media Encoder
Adobe Indesign
Powerpoint
Keynote
MS Office Suite

3d applications

Metashape
Zephyr
Cinema 4D
Blender
3D studio Max
Zbrush
Reality Capture

Fluent in 3D printing with both resin and FD printers
Full valid driving licence
Highly skilled in Arts and Crafts
