Avalanche Studios Group August 20 - August 21

<https://avalanchestudios.com/>

Senior Environment Artist

I was a Senior Environment Artist on *Call of the Wild: The Angler*, creating props, environments, and level blockouts. I also worked on terrain, modular kits, planning, and outsourcing using Avalanche's engine, Megascans, and Substance tools.

Magellan Robotech Apr 15 – July 20

<https://www.magellanrobotech.com/en/>

Art director

I worked as Lead Artist/Art Director with the online team, mentoring artists and overseeing concepts and production. I handled everything from ideas to final delivery on games like *Superbikes*, *Virtual Boxing*, and *Supercars*, managing both creative direction and practical development.

Rebellion games Sep 14 – Mar 15

<https://rebellion.com/>

Senior Artist

I worked as a *Senior Artist* on *Sniper Elite 3*, PS4/XBOX one. This involved talking a white box level to completion, using my Asset packs. I also had a lot of involvement on the final level in the game and was integral in creating ideas for another level in the game.

RealTimeUK April 12 Sep 14

<http://www.realtimeuk.com/>

Senior Artist

At Real Time, I worked on trailers for EA, Sony, and Wargaming, creating assets in ZBrush with Quixel or Mari before handing them to the render team.

THQ Mar 09 – June 11

Senior Artist; various projects

3d creation studio Feb 2007 – Feb 2008

<http://www.3dcreationstudio.co.uk/>

At 3CDS, I worked as a Senior Environment Artist on Xbox 360, PS3, and Wii titles, creating environments and key assets for characters, vehicles, and buildings. Games included *Fuel*, *Project Gotham 4*, *TT Superbikes*, and various fantasy titles.

Midway games 2006 - 2007

As Senior Environment Artist on *Wheelman* (PS3/360), I used Unreal Engine to create buildings, environment objects, particle effects, and real-world architecture and interiors.

Reflections Interactive Jan 00 – Feb 06

<http://reflections.ubisoft.com/>

As Senior Environment Artist at Reflections, I created buildings, vehicles, terrain, and levels while collaborating with mission scripters, programmers, and junior team members. Credits include *Stuntman*, *Stuntman 2*, *Driver 3*, *Driver: Parallel Lines*, and *Enter the Matrix*, and I spent three months working in Orange County, California on *The Matrix* for Shiny Entertainment.
