CEDIM Mexico

Licentiate degree, Animation | Current

Colegio Ignacio Zaragoza

High School | August 2019- July 2022

ABOUT ME

I am an artist passionate about concept art, visual development, and animation. My creative approach focuses on crafting worlds, characters, and scenes that invite the imagination to journey to new and unique places. With a deep understanding of narrative and visual aesthetics, I work to develop concepts that are not only visually striking but also tell stories, enriching projects with their own unique personality and atmosphere.
