SUMMARY

With extensive experience in 3D visualizations, project management, and client communication, I have successfully led design and build projects in the luxury landscape market. My expertise in estimating, technical drawings, and innovative use of VR has enhanced client collaboration and project outcomes. Eager to contribute to LiDR Contract Furniture's team by leveraging my skills in design, technology, and project management.

EXPERIENCE

*Wrights Landscapes Group, **Visualiser, Designer and Architectural Technician***

Apr 2025 - Present

- Led 3D concepts and visualizations, including CGI motion graphics and video, enhancing collaboration between architects, designers, and customers, reducing time spent on technical drawings and converting sales faster.
- Developed technical drawings (RIBA standard) using Vector works, contributing to successful project completions and client satisfaction.
- Managed multiple tasks and projects, ensuring deadlines were met and client briefs were fulfilled, demonstrating excellent organizational skills and attention to detail.

*Urban Landscape Design, **Swiss Army Knife - Landscape visualiser, designer, estimator, CRM***

Feb 2022 - Apr 2025

- Led design and visualization, including estimating, designing, and planning, enhancing client collaboration and project outcomes, saving time and money.
- Introduced quick-turnaround 3D-concept element using VR, improving client understanding and confidence in project schedules.
- Managed all aspects of the project cycle, including customer relationship management, site visits, and technical advising, ensuring successful project completions.

*Farm Lane Landscapes, **Head of Design and Build***

Mar 2020 - Dec 2021

- Led teams on all aspects of hard and soft landscaping, successfully completing installations and mitigating supply and logistics issues, ensuring project delivery for renowned designers and prestigious clients.
- Maintained excellent CRM to manage expectations and disappointments through COVID, demonstrating strong project and people management skills, and ensuring operational efficiency.
- Kept detailed records, managed supplies, and maintained a safe, clean, and efficient build and service environment, contributing to the successful completion of projects.

*Ground Level Works, **Co-Founder***

May 2011 - Mar 2020

- Led all aspects of small business ownership, including CRM, hiring, team management, suppliers, processes, designing, estimating, and build, ensuring successful project completions and client satisfaction.
- Developed award-winning projects, including two pub gardens in North London, increasing revenue dramatically and providing innovative solutions during COVID.
- Managed multiple projects, including primary school sites, residential care homes, and domestic sector projects (<150,000k), demonstrating excellent organizational skills and attention to detail, contributing to the successful completion of projects.

EDUCATION

Stoke on Trent Sixth Form
