Current Address: 8 St Paul's Square, Bromley, BR2 0XH

Please note that I don't require a work Visa as I am a Portuguese National (I have been granted Settled Status in the UK) and I am a Canadian citizen.

I am a character and creature animator. I have worked on both long running projects such as films, commercials, streaming series, AR/VR projects and video games and as a freelance animator on web projects and commercials. Recently I have worked on *Walking With Dinosaurs 2* for the BBC and Robert Eggers' *Nosferatu*.

And there is also information on my IMDB page: <https://www.imdb.com/name/nm1530822/>

Previous Experience in Quebec, Canada.

After graduating from Concordia University in Montreal, Canada, I worked for a temp agency and kept some shift work with my former university as a projectionist for their film studies departments and film festivals. I was able to find employment as a production assistant at a VFX studio. This led to a chance to train and work as a Combustion compositor on a series called "Charlie Jade". I was eventually able to return to animation as a 3D Character animator on a number of animated series.

I was also a part-time instructor at College Interdec, teaching digital compositing and at Concordia University's Continuing Education, I taught a class called "Introduction to 3D Studio Max", before moving to the UK.

Education

<u>Certification from iAnimate, completion date</u>	2014
Online Character animation School	
Currently in Workshop 5 Full Body Acting with instructor Angie Jones.	
Started certification in September 2010.	

<u>Bachelor's degree in Fine Arts (Film Animation)</u>	April 2001
Concordia University, Montreal, Qc, Canada	

<u>Diploma of Collegiate Studies in Modern Languages</u>	May 1997
Collège de Sherbrooke, Qc, Canada	

Extra-Curricular

Co-president of the Animation Club at Concordia University
I helped to plan and organize the annual Animation Festival (June 2000), this required budgeting and organizational skills as well as logistics and good communication abilities.
I assembled the 16mm shorts for projection on Steinbeck and synched sound to hole punches (academy leader countdown).

Other Specifications

Member of the editorial staff for *Chimère*, the Collège de Sherbrooke's literary magazine. 1996-1997

Participated at Cégep en Spectacle (interpretation--song, creation) 1996.

Training in Classical Guitar, voice, performance (drama), oboe.
Photography and video production

Interests

Cinematography, photography, music, literature, screenwriting,
Art of stained glass.
